

FIN-Slide Slim-line 170
aluminium-aluminium

Hotel Weinegg in Girlan

Panoramic view with FIN-Vista window walls

The owners of the five-star “Weinegg” hotel had one thing in mind for their conversion project: a modern design combined with a high degree of luxury for guests. Thanks to their narrow aluminium frames and ease of use, the products installed meet both these aims while presenting a minimalist architectural style. Large window walls, lift-and-slide doors and frameless FIN-Project windows from the Nova-line series admit plenty of light into the rooms while at the same time offering fine views over the idyllic vineyards and mountains. UPVC cores and corner-welded profiles ensure excellent insulation.

Products used

U_w - Heat transmittance coefficient of window element

R_w - Sound insulation properties of a window

npd - No performance determined

FIN-Slide Slim-line 170

aluminium-aluminium

U_w 1-sash 2-/3-glazing:

1,5 / 0,93 W/m²K

U_w 2-sash 2-/3-glazing:

1,5 / 1,0 W/m²K

R_w Standard:

npd

R_w Best value:

npd

FIN-Vista

aluminium-aluminium

Modular mullion-transom system for window walls. Can be combined with all windows, sliding and folding doors.

U_w 1-sash 2-/3-glazing:

1,3 / 0,81 W/m²K

R_w Standard:

34 (-2;-6) db

R_w Best value:

44 (-2;-6) db

FIN-Project Nova-line 78/88

aluminium-aluminium

U_w 1-sash 2-/3-glazing:

1,2 / 0,82 W/m²K

U_w 2-sash 2-/3-glazing:

1,2 / 0,94 W/m²K

R_w Standard:

38 (-2;-6) db

R_w Best value:

45 (-1;-4) db
