

FIN-Project Nova-line Plus 78/88
aluminium-aluminium

Villa in the South of France

FIN-Slide, FIN-Vista and FIN-Project: sea view and ease of use.

The house, not far from Marseille, was enlarged from 120 to 220 m² and a pool was added. The result: an impressive villa with breathtaking sea views. Wide FIN-Vista window walls were combined with large FIN-Slide lift-and-slide doors: this version with its frame-covering glass reduces the external contours to a minimum and brings the sea almost close enough to touch through the large glass surfaces.

The interior and exterior material, aluminium in Sablé Dark Grey, is ideal for its surroundings: neither extreme temperatures nor salty sea air can harm this light metal, which is heat- and weather-resistant. For maximum ease of use, the FIN-Slide lift-and-slide door has the lowest threshold on the market - just 2 cm high. This permits barrier-free access while at the same time ensuring perfect sealing. The home is secured by an elegant entry door with ceramic panelling and motorised locking.

Type of building	Single-family dwelling
Construction	2020
Project	Window replacement
Planning	Alu Vigouroux
Country	France
Region	Provence-Alpes-Côte d'Azur
Locality	Carry-le-Rouet
Photographer	Sandrine Massel

Products used

U_w - Heat transmittance coefficient of window element

R_w - Sound insulation properties of a window

npd - No performance determined

FIN-Project Nova-line Plus 78/88

aluminium-aluminium

U_w 1-sash 2-/3-glazing: - / 0,77 W/m²K

U_w 2-sash 2-/3-glazing: - / 0,91 W/m²K

R_w Standard: 33 (-1;-4) db

R_w Best value: 43 (-2;-6) db

FIN-Slide Nova-line Plus 170

aluminium-aluminium

U_w 1-sash 2-/3-glazing: 1,4 / 0,85 W/m²K

U_w 2-sash 2-/3-glazing: 1,3 / 0,96 W/m²K

R_w Best value: 39 (-1;-3) db

FIN-Vista

aluminium-aluminium

Modular mullion-transom system for window walls. Can be combined with all windows, sliding and folding doors.
