aluminium-aluminium

Single-family home near Madrid

Large glass surfaces with windows and glass walls from Finstral.

This new build near Madrid is characterised by its division into a stone cube and a whitewashed building that contrast with each other. The effect is lightened by the windows and lift and slide doors, some of which are up to 2.6 metres in height. Finstral's consistently modular product range enables the materials and colours of the exterior and interior of the window frames to be freely combined. Dark aluminium frames were chosen for the outer façade while, on the inside, the design of the windows was selected to match the interior of the home on a room-by-room basis: the elegant touch of darker aluminium in the living room contrasting with the sleek look of white uPVC in the bedroom.

The slender Nova-line and Slim-line frame designs and large glass surfaces mean that the rooms are extremely light and airy; the Mediterran 2 solar control glass prevents overheating, together ensuring a pleasant indoor climate – even at the height of a Madrid summer.

Products used

U_w - Heat transmittance coefficient of window element

R_w - Sound insulation properties of a window

npd - No performance determined

FIN-Project Nova-line 78/88

aluminium-aluminium

U_w 1-sash 2-/3-glazing: 1,2 / 0,82 W/m²K

U_w 2-sash 2-/3-glazing: 1,2 / 0,94 W/m²K

R_w Standard: 38 (-2;-6) db

R_w Best value: 45 (-1;-4) db

FIN-Slide Slim-line 170

aluminium-aluminium

U_w 1-sash 2-/3-glazing: 1,5 / 0,93 W/m²K

U_w 2-sash 2-/3-glazing: 1,5 / 1,0 W/m²K

R_w Standard: npd

R_w Best value: npd

FIN-Window Nova-line 77+8

aluminium-uPVC

U_w 1-sash 2-/3-glazing: 1,2 / 0,80 W/m²K

U_w 2-sash 2-/3-glazing: 1,2 / 0,89 W/m²K

R_w Standard: 36 (-2;-5) db

R_w Best value: 45 (-1;-3) db
